A Consciousness Approach to

CANCER

with **Dr. Yogesh Mohan**

An online workshop organised by NAMAH, the Journal of Integral Health, Sri Aurobindo Society

Our body is a remarkable living being with her own intelligence and consciousness. Cancer indicates a disruption in this intelligence within certain cells.

The Consciousness Approach gives us a new perspective on health, disease and healing, instilling hope. This workshop will delve into inner dynamics, teaching inner tools to consciously take charge of our body and life.

We shall develop a new relation with our body, and a greater sense of empowerment in dealing with our body's illness.

16, 23 & 30 March 2024 at 5.00–7.00 pm IST

Dr. Yogesh Mohan

brings the essence of more than two decades of his healing experience into this workshop. Over the years, he has evolved various inner approaches which greatly facilitate the healing process. These approaches are simple, practical and highly effective.
